

Below is data concerning Textbook Sales for Smith Co. The below table shows the past three years of sales.

1. Please create a time series chart or graph using the provided data (image) and explain your findings (word summary concerning the patterns and relationships you see, can be directly typed into Excel).
2. Forecast sales by quarter for 2024? Explain your reasoning. From the data below the forecasted sales for 2024 can expect to see a seasonal pattrer with the peak of sales in Q3 and the most significant drop of sales in Q4. Thes overall sales are generally increasing year to year, but inconsistently which can bee seen in the Q3 sales in 2022 to 2023.

Year	Quarter	Combine d Year-	Sales (\$1,000s)	% VAR to Prior QTR
2021	1	2021-1	1690	
2021	2	2021-2	940	-44%
2021	3	2021-3	2625	179%
2021	4	2021-4	2500	-5%
2022	1	2022-1	1800	-28%
2022	2	2022-2	900	-50%
2022	3	2022-3	2900	222%
2022	4	2022-4	2360	-19%
2023	1	2023-1	1850	-22%
2023	2	2023-2	1100	-41%
2023	3	2023-3	2930	166%
2023	4	2023-4	2615	-11%
2024	1	2024-1	1966	-25%
2024	2	2024-2	1082	-45%
2024	3	2024-3	3130	189%
2024	4	2024-4	2774	-11%
